

# St. Dominic SCHOOL

Our Foundation. Their Future.

## Morning Drop Off Times - Reminder

As a reminder, morning Saint Watch is from 7-7:40am. Please be mindful that drop off does not start until 7am for morning Saint Watch. Also, if your child arrives at school before 7:40am and when Mr. B is outside to welcome students, they will be sent to Saint Watch and your account will be billed accordingly.

## COVID-19 Close Contact Clarification

We received some updated information from MDH to clarify what to do when a close contact household member is in quarantine, has been tested for COVID-19, or tests positive for COVID-19.

- If a close contact in a household is asymptomatic (does not have symptoms of COVID-19) and is being tested for COVID-19, the other children not being tested do not need to stay home or be excluded from school or child care.
- If a close contact in a household is symptomatic (has symptoms of COVID-19) and is being tested, all children should stay home (do not attend school or child care) until test results are known. Children should separate/stay away from the close contact being tested until results are known.
- If the household close contact's test result is negative, children can return to school or child care.
- If the household close contact's test result is positive, children should remain at home and begin a 14 day quarantine period starting on the last day they were in close contact with the person who has COVID-19. If the child cannot be separated/stay away from the household member with COVID-19, their 14 day quarantine period starts after their household member is no longer in isolation.
- A person with COVID-19 can be released from isolation when all three of these things are true:
  - They feel better (symptoms have improved) **and**
  - It has been 10 days since they first felt sick (or since they were tested if no symptoms) **and**

- They have had no fever for at least 24 hours, without using medicine that lowers fevers

### **K-8 Essential Care During Distance Learning**

As with last spring, we will offer Essential Care during our four weeks of distance learning from November 30-January 8. Please use [this form](#) to register for this program. Please note, this is only available for children of Essential Care Workers. There is a list of qualifying workers at the top of the form. The Essential Care Program is free and will be run by Miss Johnson, our Enrichment Teacher. Students will be able to work on assignments from their teachers during this time. We will continue to offer Saint Watch before and after for Essential Care families only. Normal Saint Watch fees will apply.
