Technology and Social Media

The use of social media and technology is one of the most popular areas of concern for parents of children and adolescents. How much is too much? How do we keep our kids safe online? What about the constant social comparison? This session will focus on the latest research on use of social media and technology. It will also help us understand the relationship between brain development and what drives the need to feel connected online as well as those areas of big concern like pornography and algorithms that target adolescent vulnerabilities. Parenting tips will be offered.

Health and Wellness Reminders

- Please keep your child home for at least 24 hours if they have a fever, or until they are fever free without the help of a fever reducing medication.
- Please keep your child home for at least 24 hours if they have thrown up.

Please notify the school office if your child is staying home from school due to illness.

Give to the Max Day - 11/17

Next Thursday, November 17th St. Dominic School is participating in Minnesota's Give to the Max Day. This is a great way to kick off our fundraising efforts for the 2022-2023 Hope Scholarship Annual Fund. Every year Minnesotans come together and give millions of dollars to nonprofits and schools in every county across our state for Give to the Max Day. Our goal this year is to raise \$100,000 by June 30, 2023. The Hope Scholarship is awarded to students from families seeking tuition assistance. Over 60% of students at St. Dominic School receive financial aid. We need you now more than ever. To donate to the annual fund you can mail or deliver a check to the St. Dominic Parish Office or give online at www.givemn.org/organization/Stdominicschool. Thank you for making a difference!
